

Experience

Dell Technologies / Product Designer - Apprentice / Jan 2023 - April 2023

Design Systems

- Spearheaded design & development of Global Search & Results component for Infrastructure Design System to deliver cohesive user experience aligning with business goals & user needs.
- Utilized user research insights to drive design decisions & develop intuitive user flows, innovative features, & optimized use cases, significantly improving search experience for Dell SaaS & B2B portfolio.
- Produced design solutions, specifications, & accessibility guidelines while conducting extensive usability testing to ensure a consistent & inclusive customer experience across enterprise.

Google / Product Designer - Intern / May 2022 - Aug 2022

Cloud Speech studio

- Led UX for AI/ML voice training console, delivered end-to-end solution catering to enterprise users within 8 weeks, leveraging agile methodologies & cross-functional collaboration.
- Headed weekly design reviews with 14 stakeholders, utilizing data-driven insights & user research to predict & recognize use-cases, including happy path, edge & corner cases to drive design decisions.
- Secured & onboarded UXR resources by effectively pitching requirements to leads, partnering to recruit 25 users, developed research plans for usability testing, analyzing & presenting insights to stakeholders.
- Synthesized research insights to expand the product scope & proposed three post-MVP features, defining the product life cycle, & successfully pitching these features to directors through hi-fidelity mockups, contributing to product innovation & success.

Conversational AI

- Led design of new content management feature using design sprint process, delivered proposal to stakeholders in 2 weeks using hi-fidelity mockups.
- Recruited users & moderated 7 research sessions- synthesized insights to define product scope, define user goals & needs while partnering with product & design Managers.
- Utilized accessibility standards & inclusive design practices, producing 11 user journey mappings & accessibility audits for 2 cloud products.

E:fi Studio / Design Manager / June 2021 - Dec 2021

Product Portfolio

- Led desktop UI design & launched portfolio website, increasing client queries by 70%.
- Designed & presented 7 projects involving design, product, & architecture to clients.
- Mentored junior designers in interfacing, pitching, & critiquing using design thinking.

Studio Archohm / Designer / May 2020 - May 2021

Application Design - Life through design

- Led design of the firm's first mobile application, enhancing employee interaction on Android + iOS devices, shipping the product within 3 months.
- Defined product OKRs, created wireframes, high-level & detailed storyboards, mockups, & prototypes to effectively communicate design ideas.

Education

University of Texas at Austin / Aug 2021 - May 2023 (expected)

M.S. Information Studies, concentration in Human-Computer Interaction (HCI). GPA 4.0

GGSIIP University, India / Aug 2015 - Sept 2020

B.A. Architecture graduated with first division. Thesis of the year, Dean's list
